Hi Mark,

I added some information to your table below, the most critical text is in red. I missed a couple actions from Q1, and it's probably splitting, hairs but are Section 18s and EUPs counting as new uses? Or are they separate categories?

Cheers,

Monica

So when I was looking at our estimates for 2017 I see the following new uses in the queue

was wondering where any of these fit in quarter one or two

New uses		
NU	LOE	Hours
dicamba GMO	high	1
Flazasulfuron	low	1
Ethaboxam	medium	1
Streptomycin	medium	2
Dicamba	high	1
BAPMA		
Hexythiazox	low	1
Dicamba		1
Glyphosate	high	1
Dicamba		1
Acetochlor	high	1
Isoxaben	low	4
Mesotrione		1
	medium	1
ACP		1
	medium	1
Propiconazole	low	1
18		1
Malathion EUP	low	1
Clothiandin 18	high	1

Hey Mark,

The new uses (S3NU) are interspersed in the quarterly completions below. I highlighted the new use actions in blue so they are easily identifiable. There are also a couple Section 18s which I didn't highlight in blue.

Have fun getting hurt at PT!

Monica

Thanks, this helps a lot

Do you have a similar list as the one below for the new use actions we completed by quarter

I can work off of what you have below and anything on the new uses

And yes, the format is very confusing as only a bureaucracy can do

Thanks

I am off to PT in 30 minutes so off the grid for a while but back by 1 pm ish

Hey Mark,

Ex. 5 - Deliberative Process

Let me know if you have any follow-up questions or want me to take a stab at Marietta's table.

Thanks,

Monica

Subject: ERB 6 2017 deliverables

Hi Mark,

As discussed earlier in the week, I compiled our 2017 deliverables based on the Microsoft Project tracking sheet. I tried to include a little bit of additional information about if the work would be completed versus ongoing. Also, I wasn't sure if this was supposed to be fiscal year or calendar year, so I included all relevant timeframes.

Subject: workload accomplishments

I'm working on the Divisional accomplishments today for Marietta and I have the status on the two in progress (G77 and pydi) but do we have any that we expect to receive in FY17 that have not come in yet? I seem to recall we had two that were possible (picarbutrox??).

I may also need to summarize by 1st and 2nd quarter how many of the NU and PID we completed. Any chance you can give me a summary of that also?

thx
